

NEW PRODUCT ANNOUNCEMENT

BDM is very proud to announce we have added a very important product to our Popular BDM Emergency Drug Kit. According to many associations in Canada, Ventalin (salbutamol Inhaler) plays a very important part in every dental office. After months and months of research, we have been successful in having this important item added to our BDM Emergency Kit. Please find below more information on the mentioned item as well as the revised pricing for our BDM Emergency Kit, BDM Refill Kit and each individual Drug Component.

Introducing our improved... **BDM Emergency Drug Kit**

Now with a Bronchodilator Salbutamol Inhaler!

Our Salbutamol Inhaler is a bronchodilator used for the treatment of asthma, chronic bronchitis, and other breathing disorders, It works by opening the airways and making breathing easier. This item will now be included in every BDM Emergency Drug Kit purchased after January 31st.
